#### **OVERVIEW OF BUDGET**

DEPARTMENT: REGISTRAR OF VOTERS REGISTRAR: SCOTT KONOPASEK BUDGET UNIT: AAA ROV

#### I. GENERAL PROGRAM STATEMENT

The Registrar of Voters conducts elections as prescribed by district, city, county, state and federal laws, and regulations. The department is also responsible for registering voters, examining petitions, and maintaining voter records, boundary changes and precinct boundaries to reflect realignments of all political subdivisions.

The favorable variance between the 2002-03 budget and actual appropriations is primarily attributed to salary/benefit savings resulting from a vacant clerical position that was part of the 4% Spend Down Plan, and a vacant Assistant ROV position because of an extended recruitment.

The unfavorable variance between the 2002-03 budget and actual revenue is attributed to uncollectible SB90 reimbursement, early voting system deferred revenue and an increase due to windfall election services revenue.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

## **STAFFING CHANGES**

Budgeted staffing has been increased a net of 4.3 positions. Included iThe staffing increased 5.3 budgeted positions due to three factors:

- The department's election cycle entails two major elections in 2003-04, vs. one election in 2002-03. This increase of a major election increased the need for overtime by 0.4 budgeted positions.
- The increase in extra help of 4.9 budgeted positions is due to a combination of the extra major election plus a change in department policy of using extra help employees in lieu of temporary help. Corresponding reductions have been made in outside temporary help.

### **PROGRAM CHANGES**

Effective the March 2004 Presidential Primary Election, the California Secretary of State has decertified the use of punchcard voting systems in California elections. The Registrar of Voters Office is currently in the process of replacing the existing punchcard system with an electronic voting system.

This budget is based on historical costs and revenues necessary to perform two major punchcard voting system elections, although both of these elections are anticipated to be conducted with electronic optical voting systems. When actual costs associated with the new electronic voting system are incurred, subsequent budget adjustments will be necessary and will be brought back to the Board for further action.

During the final budget hearing, the Board approved the addition of a new fee that enables the department to initially recover equipment rental costs in connection with the new electronic voting units. This fee was established at a rate that is comparable to that of the de-certified punchcard systems. Neither of these final budget changes resulted in an adjustment to revenues, appropriations, or budgeted staffing.
